To The Dear Families,

Expression of Gratitude

As we approach the upcoming Pesach, we thank Hashem for enabling us to continue our charitable activities, including the "Kimcha D'Pischa" founded by my unforgettable father, Harav Shulem Zt"l, at the request of the Satmar Rebbe Zy"a. We are entering the Tenth year since the founding of "Keren Almanos V'yesomim," now providing abundance and dignity for 3,224 distinguished families, Shabbos and Yom Tov, and all year round.

At this time, we take the opportunity to express appreciation to our families for the heartfelt thank you notes, each uniquely expressing what the Keren accomplishes for them. These letters provide us with the necessary motivation to continue and expand on our current endeavors.

Families who do not Joining the Keren yet

Families who do not yet have accounts set up at fish stores and butchers can call our office, and we will set up your account, so you can comfortably purchase all your Yom Tov needs.

Purchase with Abundance for Yom Tov

As we are nearing the Yom Tov Pesach again, when the needs in every Yiddishe home are greatly multiplied, we

want to remind our families to purchase fish, poultry, and meat for Yom Tov abundantly, according to their household needs.

Like throughout the year, the same system applies to your Yom Tov order; up to 50% of the order can consist of meat. If your order totals \$300, you can include \$150 worth of chicken or turkey and \$150 worth of meat. This is a very generous and respectable amount. (Although there may be families who use more meat, we abide by the wisdom of Chazal, "too much oil will extinguish the flame." We sincerely request that you follow this guideline without exceptions.) You can purchase as much as necessary to have an authentic Oneg Shabbos and Yom Tov for the entire family, including married children who come for Yom Tov.

Improved Guidelines for Meat Purchases

Many families question how much meat they can purchase since meat is costly. They're not sure how to determine their needs or how to know when they've reached the 50% limit, especially when placing phone orders. These concerns caused them to refrain from buying.

We, therefore, created an additional system to make meat purchasing easier. Instead of checking prices, you can buy according to the number of packages you usually buy.

Weekday Meals

Chicken and turkey, as much as you need for your family.

Shabbos

Chicken/turkey and meat according to your needs.

You can buy standard packages of meat that generally cost \$15-25 per package to match the number of packages of chicken/turkey you buy for Shabbos. (For example, two packages of chicken/turkey and two packages of meat.)

Families using less meat and prefer only meat for Shabbos can purchase one or two packages of standard beef (\$15-25 per package.)

Yomtov

You may purchase your Yomtov needs from chicken/turkey and meat varieties, following the above guidelines. (For example, three packages of chicken/turkey and three packages of meat. If you place a large order in advance, you can do the same: 10 packages of chicken/turkey and 10 of meat of the standard varieties, costing \$15-25 per package.)

If you buy a more expensive cut of meat (around \$100), you can count it as five packages of the lower-cost meats and get five packages of chicken or turkey accordingly.

If you abide by these guidelines, you will have plenty of food for Yomtov, and you can rest assured you are buying within the limits of the Keren without any concerns about exceeding the 50% maximum.

Fundamental Rule: The Goal of the Keren is for the mother to Run Her Home

As we approach the upcoming Pesach, and the families are preparing to buy large orders of the fish and meat, we again clarify that we established the Keren to help mothers run their homes abundantly and that anything cooked and used by the mother's household can be purchased on our account.

As mentioned previously, you can invite your married children and other relatives, and you can order as much as you need for Shabbos and Yom Tov – **since this is included in the mother's household.**

No Purchasing for Married Children

Although parents often want to help their children who are struggling financially, but as mentioned that the Keren are established to help mothers run their homes, so we cannot allow ordering fish or chicken for your married children on the accounts.

Also we often get phone calls with questions regarding various situations, for neighbors, friends, relatives, or for Simchas, and what the Keren can be used for, we clarify once again **whatever the mother cooks at home can be purchased on our account.**

When a Mother Goes to Her Child for Yomtov

The families **who have married off all their children** and the children are inviting their mother for Yom Tov, they cannot place an order on the mother's account.

However, if the mother is cooking some of the food to take along, she may purchase that on our account.

This follows the rule that whatever the mother cooks at home, she can buy on our account, but she cannot buy for her children to cook in their homes.

Families with Children Going Away for Yomtov

Families who still have **unmarried children** living at home, and are going to a married child or other relatives for Yom Tov, they can buy their orders and have them delivered to the family where they are going.

*

Condensed Guidelines for Use of the Keren

- 1.** Up to 50% of your weekly butcher order can be meat; the other 50% (or more) should be chicken or turkey. (You can also shop per count of packages as outlined above.)
- 2.** Meat should be bought only for Shabbos and Yomtov.
- 3.** Fish should be bought only for Shabbos and Yomtov. You can cook plenty to have some left over for after Shabbos.
- 4.** Fish should be bought only from the following:
 - 1.** Whitefish
 - 2.** Salmon
 - 3.** Carp
 - 4.** Gefilte fish

5. You cannot purchase takeout or ready-to-cook items on our account.
6. You cannot place orders of fish, meat, or chicken for your married children.

*

Call the office only

For any questions regarding your fish or butcher account, address changes, or other technical details, please call only in the office at

718-782-5349 - #9 - #3 - #2

between the hours of 11:00 am Till 5:00 pm. If there is no answer, please leave a message, and we will return your call.

Matzos for Pesach

We will Be'ezras Hashem be distributing Matzos for Pesach so all our families can celebrate Yom Tov with an abundance of all their needs.

The following is an explanation of the system for the distribution of matzos. Please take a few minutes to read it carefully so we can accommodate everyone in the best possible manner.

Please read the booklet and put it away so that when questions arise, you will easily find your answers and save the time you would spend waiting for explanations on the

phone. Time passes quickly, and we need to accommodate the needs of 3,224 families.

Order according to household size

As mentioned, we aim to help mothers run their homes to provide plentiful Yom Tov meals for their families.

All families, including those where all the children are married, who are home for Yom Tov (or part of Yom Tov), can invite their children, grandchildren (or other guests) and order matzos for all the Yom Tov meals, according to the number of people they will be hosting.

However, if all children are married and you are going to your married child for Yom Tov, please do not order matzos from us for the married children. You can order 4-6 pounds of matzos for personal use, to take along to the children, or for chol hamoed.

If you still have children at home and are going for Sedarim or seudos (or for all of Yom Tov) to a married child or another relative, you can order enough matzos for your family and take them along with you.

It should be self-understood that matzos should not be ordered through the Keren to give away to married children.

[We understand that many of our families have married children with growing families who struggle financially and can use more matzos. However, as mentioned earlier, we

abide by the guideline that 'too much oil can extinguish the flame,' **and we cannot make any exceptions. The 'matzos distribution' is for the use of our families only and cannot be ordered to give to married children.]**

Fresh Matzos of the most Mehudar standards

We will provide our families with the best quality mehudar shmurah matzos. We will have representatives personally supervising the process at the bakery to ensure the highest standards of freshness and kashrus. A special sticker will be placed on each of our boxes.

Instructions for ordering Matzos

To order matzos, you can register when you call for the general Pesach distribution. See below on page 15 for the exact schedule to call for orders.

Please note: in many places, we will distribute the Matzos separately from the general pasach order. And there can be a different time and location for pick up and delivery, See below on page Y,32 for the exact list of the distribution places.

* * *

The General Pesach Distribution

As in previous years, we will provide various products to help you celebrate Yom Tov with your families Be'ezras Hashem.

The Pesach distribution was initiated by the Satmar Rebbe Zy"a, who placed the responsibility with my father, Harav Shulem Laufer Zt"l. This distribution has been taking place successfully for the past seventy years, and we hope to continue until the coming of Moshiach.

Products

The following is a list of products that will be available for Pesach. You can order whatever you need according to the size of your family, as much as you need for Yom Tov.

Fresh Eggs - Extra Large

The first and most important product that we distribute every year is "eggs", that is freshly produced 2-3 days before Rosh Chodesh Nissan, so you can comfortably use them throughout Yom Tov even if not refrigerated.

Washed for Pesach

Every year we sent a mashgiach to wash and pack the eggs to ensure the highest standard of kashrus for Pesach. The mashgiach supervises that the washing occurs with lukewarm water, without soap, and that the eggs are packed only in new, clean packaging and boxes.

Boxes of 15 Dozen

We pack the eggs in smaller boxes of 15 dozen, which is more practical. Every box will have a sticker.

GPOD Potatoes #90

We provide the best potatoes available on the market, known as GPOD potatoes, size 80-90, packed in 50-pound boxes

Cortland Apples #80 Extra Fancy

We provide large, fresh apples, Cortland Size 80, great for eating, cooking, and baking.

Oranges

We will have beautiful, large, naturally sweet oranges, which remain fresh for a more extended amount of time. [Since they have thinner peels, it is best to peel them with a knife.]

We don't give the oranges with thicker peels, commonly called "eating oranges," since those remain fresh only in the refrigerator. These need not be refrigerated, but we recommend not storing them in a warm place.

Grapefruit

The grapefruits will be size #40-48, nice size, and best food quality.

Onions

Spanish onions in practical ten-pound bags, freshest produce, and best quality

Grape Juice

We will have Red "Concord" grape juice from "Kedem" under the hashgacha of the Tzelemer Rav Shlit" a. The grape juice is not mevushal and will be in cases of six 64-ounce bottles, the equivalent of eight glass bottles.

Wine

We will have 60 wine varieties to ensure that every family can get their preferences Lekovod Yom Tov. (see the list of all wines below at page Y, 30/31), We will have all the wines from Kedem under the hashgacha of Tzelemer Rav Shlit" a and all the Armon wines under the hashgacha of Hisachdus Harabbanim.

To accommodate families with varying preferences, you can choose a maximum of four types of wine. The wine is a complex project, and we ask that you abide by the maximum amount of four kinds so we can satisfy everyone.

Time for Registration

The distributions are a large and multifaceted project, including ordering, assembling, and organizing 3,224 orders. We, therefore, ask that you call our office at your earliest convenience between **Sunday, Feb. 15, through Sunday, March 1.**

[For orders placed after Purim, we will try to accommodate your needs but cannot guarantee timely pickup / delivery.]

Phone Orders Only

Since we have had too many technical problems in previous years with paper applications, we instituted a system to process applications after being completed **by phone only**, with a representative who will ensure that everything is clearly understood. **We will not accept any orders by fax, mail, or email.**

Please call the office at this number:

718-782-5349 - #9 - #3 - #3 - #1

Every day during the abovementioned dates

Between 11:00 am and 6:00 pm

If there is no answer, please do not leave any message, Just try again latter.

If you are leaving a message Please do not leave a message with your order. only with your name, address, and phone number, and we are asking again Please do not leave long messages as our staff is limited with time.

When you call the phone number above, we will take your order and ask if there is anyone who can pick up your order. If there isn't, we will gladly deliver it.

If you said your order would be picked up and there is a change, and you cannot pick it up, you could call our office and arrange delivery.

Please keep your phone calls as short and clear as possible since we have to take orders from 3,224 families, and time is of the essence.

Previous Orders

For more efficient ordering, we will send the previous orders to those families who have ordered with us in the past. You can modify as needed and submit only the updated changes when you call.

Families who want to order the same as last year can call the office and ask to have their order repeated. However, even that should be requested in person and not by leaving a voice message.

Since we previously had too many errors resulting from misunderstood or unclear voice messages, please leave only your name and phone number in a message. Any other communication should be done in person.

Prepare your order before calling

Please try to have your order organized in advance. Particularly, if you are ordering wine, please ask your

children in advance for their preferences, so we can order an adequate amount to accommodate your needs.

After placing your order, please do not call our office to change the wine since we cannot accommodate these changes.

Please consider that while we are taking an order, other families may call and wonder why their calls are not answered. Therefore, once again, we ask you to keep phone calls **short and precise**.

[Some families want to express their appreciation when they call to place their orders. Please note that we are answering phones for orders only (the Menahel does not listen to voice messages, these messages get automatically deleted), and all expressions of gratitude should be done in writing to the Menahel and sent by mail.]

Please Call Without Hesitation

In previous years, we noted that some families did not place a Pesach order, even though they needed it, because they figured there wouldn't be enough for families who might be needier than theirs.

Therefore we inform our families that we do not have a limited amount, and we are happy to distribute to all our families and allow everyone to celebrate Yom Tov with abundance. As my father zt"l constantly reiterated, "when the almanos will be well provided for, the philanthropists

will prosper." There is no reason for families to think they are increasing our burden.

In addition We will call all the families who will not have contacted us within the first week to ask them if they want to order yomtov.

our experience with the calls shows us how important that is to calm down the families who hesitate to call, and even to have advance notice of the quantities needed for every item.

Families who do not need an order this year

Since calling every family is very time-consuming, we ask all who benefit from the Keren throughout the year, if you know you will not be home for Pesach or do not require an order for any reason, please let us know as soon as possible, and we will note not to call you, and that will save us a lot of work.

If circumstances change and you do need an order, please do not hesitate to call (even close to Yom Tov), and we will do our best to accommodate your needs.

Picking up Matzos and other Products

If you have a child, relative, or friend, who can pick up your order, it will help us serve all our families more efficiently.

We do not employ delivery services. We depend on individuals who generously donate their time to make these deliveries. Therefore, if there is anyone who can pick

up your order, you will be helping other families who rely on us to deliver.

Since the Keren has expanded to serve additional neighborhoods in recent years, and many families are happy to pick up their orders locally, we are attaching a list of communities and dates where we will have a pickup location. (see that list on page Y, 32) The exact address of the pickup locations will be on the cards we will send by mail.

For the far areas we don't have Prepared pickup places, will arrange it when calling to submit the order.

Pickup Cards by Mail

We will mail pickup cards to all families picking up their orders. Please hold onto your card and bring it on the pickup day. They will contain all the information relevant to your order, including pickup locations, schedules, and instructions for the Matzos and the general order.

The cards will be mailed on Monday, Mar. 10.

Please call our office if you haven't received your card by Sunday Mar. 15.

Dedicated Volunteers will Deliver Orders

Families who do not have a designated individual who can pick up their order should not take a taxi to pick it up. Please inform us when submitting the order, and we will have a team of dedicated, respectful, and sensitive volunteers making deliveries. Please ensure you have a

designated place ready for the matzos and the orders on the delivery date.

We invest significant effort to ensure a seamless operation. However, mistakes can happen since we currently serve 3,224 families. If you do not receive your order on the designated day, please do not assume this was deliberate. Call the office, and we will take care of it promptly. Please do not call the office on delivery dates since orders may be delivered until the evening.

If you haven't received your matzos, and the general order by the morning of **Tuesday, Mar 24**, then call the office, and we will ensure your order is delivered.

We greatly appreciate your blessings, Please DO NOT call us or our office for that – No exceptions

As we head into the Yom Tov of Pesach, many of you want to call us in person to express your appreciation and convey your warmest blessings. This is extremely important to us. We value the Bracha of an almana who has a close connection to Hashem, and your kind words make our hard work worthwhile.

However, time does not allow us to respond to so many phone calls and messages, and we do not want you to feel ignored or slighted in any way due to our time constraints.

Therefore, **we appeal to you not to call our office.** Instead, your sincere Kapitel Tehillim on behalf of **אברהם בן**

העניא for continued *siyata d'shmaya* and success will be greatly appreciated. Additionally, please daven on behalf of all our supporters for continued health, success, and prosperity, and we should be able to cover all our expenses easily and abundantly.

We appreciate your davening for us since the tefillos of every yid, especially widows and orphans, are priceless to Hashem and extremely powerful.

If you want to express your blessings and gratitude, we would appreciate a thank you note in whichever language you prefer. We ask again; **please do not call us to convey your appreciation – no exceptions!** We do not have sufficient staff or time to handle the phone calls.

We also ask that you always remember us in your tefillos for success in all our charitable projects **אברהם בן העניא, זוג' שרה בת מרים, וכל משפחתו** May Hashem grant all of us the strength to continue our endeavors with *Hatzlucha*, *Syata d'Shmaya*, and good health. In the *zechus* of all the *tzedakah* and *chesed*, may all families, sponsors, supporters of the Keren, and *Klal Yisroel* merit a Chag Kosher Vesomeiach.

We ask Hashem, in the *zechus* of all the participants in this vast undertaking, and particularly in the *zechus* of the Satmar Rebbe Zy"a, founder of numerous charitable programs, to grant us the blessing of **שם מן הזבחים ומן הפסחים בביאת גואל צדק בב"א.**
